TO: FALEO Members

As I reflect on the past two years, I am proud of what we have accomplished. Scholarships and Scholarship dinners, picnics, mixers, great fellowship, and the resumption of the Philippine Exchange Training program. I started my term as we were just coming out of Covid restrictions. We were able to meet on zoom to get business done despite the restrictions we faced. We are financially stable and growing.

I would like to thank my Board and specifically the Executive Board; Eric Quema, Lawrence Lagarejos, and Randy Caturay, who helped me make it through those years. Glenn Sylvester made sure I stayed on track and Rich Alves was always there with outstanding knowledge of our by-laws.

On the sad side, we had to say goodbye to some great friends, family members, and members who have passed on. Our sister Debbie VanPatten was great at making sure FALEO acknowledged the loss to the families and the sadness we all felt and shared.

Your new board is filled with youth and that is what we have needed. I've been retired for 11 years and sometimes, realized I was out of touch with what LEO's need today.

Thank you all for supporting me and FALEO. I'll still be around and active as a member and advisor.

God bless us all and please, stay safe out there.

Fraternally,

Robert Nishiyama
