October 12, 2018

Dear FALEO-SF:

Greetings! First of all, I would like to take this opportunity to thank you for your continued support of FALEO. My term as your president is coming to an end. During this time, we have accomplished a lot. We established our first official office in Camp Crame, Headquarters of the Philippines National Police (PNP). We assisted by stimulating the economy in the community of Tacloban, Philippines by buying food, medicine, books and sports equipment for an orphanage, after the destructive Typhoon Haiyan.

We've established and continue to assist the surviving families of the PNP Special Action Force (SAF) 44, who were massacred. We've awarded thousands of dollars in scholarships and given to those in need during Thanksgiving. We stood together with our brothers and sisters from our San Diego Chapter during the tragic death of Brother Jonathan "JD" DeGuzman. In all these times, thank you for being there.

As we move forward in the future, I encourage you to participate in all the upcoming events and perhaps to be part of the board. It is rewarding to be part of something greater than ourselves and to be part of the FALEO family. If you are interested, please email [info@Faleo.org](mailto:info@Faleo.org). There are responsibilities involved but I can assure you the feelings of accomplishment, the camaraderie and the contribution to the community are priceless.

If you are not interested in one of the board positions, you can continue supporting this great organization by becoming a member or renewing your membership. New membership dues are \$60; while renewals are \$40. These membership dues are tax-deductible (tax ID 39-2072004). These dues are used for some of the administrative costs of maintaining an organization (i.e. tax filings, PO Box fees, etc.) Any monies left over are used for the scholarship. We are very diligent in our financial duties but we rely on our members and the community for support. You can go to our website at [FALEO.org](http://FALEO.org) for donations and membership or send a check to the PO Box listed below. Membership dues are important. In closing, I would like to say that even though my role in FALEO is changing, I will continue to be part of this family in any way I can. I hope you will be too...

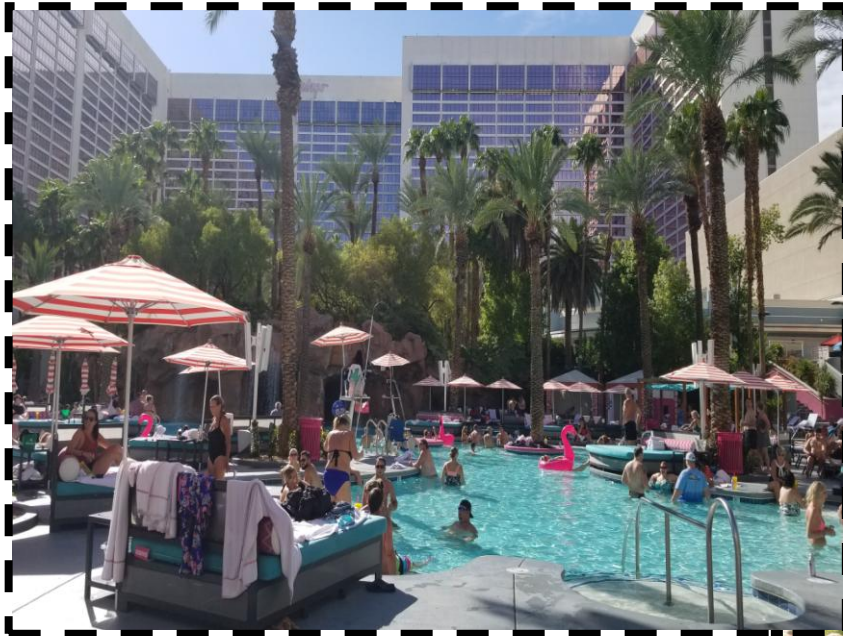

Sincerely,

Bradley Bautista  
FALEO President
